GRAIN TRADE  
IS INTERESTED

In Renewal of British-Russia Trade.

Still Believe Prices Will Be  
Downward.Supplied by Tompson, Forwood &  
(On Merchant's Bank Building)Chicago, Jan. 19.—Grain traders  
on the reported settlement between  
Russia and the Allies, to be which  
the relations are to be resumed,  
said with a voiceless interest of grain  
from Russia, and the other  
on the general re-opening of trad-  
ing centers, and the possible  
benefit of grain on credit condi-  
tions. The trade on the wheat  
market, which was suspended  
as a result of the war, was  
said to be anxious to know something  
of a conclusive character. All the  
legislation that was possible to  
be done in the day of the  
and the disappearance of the offer-  
ers through buying on western or  
eastern grain markets, and the  
late advance and  
high close. Commission houses  
said that there was  
no reason for changing their ideas, and  
the ultimate course of values would  
be to fall.The average trader was disposed  
to the belief in turn as a merely  
speculative interest, and disposed  
to regard the strength as  
but transitory.Those who are interested in ears say  
they will see more ears  
from the seaboard before they  
are inclined to do any buying of  
commodities, and are not  
inclined to report export business  
as that were it possible to get  
from the west, there would be  
no grain.The average trader was disposed

Right Way to  
Boil an EggThere prevails a general fallacy that  
it is easy to boil an egg as to boil a  
potato! A premise like this falls  
because it is not easy to boil a  
potato. An egg is a delicate  
creature, and requires  
a certain amount of  
care and attention to  
boil it properly.There are certain  
rules to be observed  
when the egg is to be  
boiled.The egg is to be  
boiled in water that is  
boiling, and the  
water must be  
boiling when the  
egg is put into it.The water must be  
boiling when the  
egg is put into it.The water must be

## Why not a "Family" Trust Company?

Most people have a "family" doctor to whom they  
instinctively turn in case of illness. They probably  
have in mind a "family" solicitor to whom they would  
go if they should require legal advice. Why not have  
a "family" trust company in mind for trust and invest-  
ment business, and appoint it executor of your will?The Royal Trust Company transacts a general trust  
business and solicits appointment as executor  
under wills.
